BE SEC Project: the aims

- The aim of BE SEC is to support activities of information and dissemination of knowledge and skills with regard to the subject of security and its role in the process of European integration, involving public and private actors who can play a role in the different areas linked to the subject of security, such as policy-makers, business representatives, staff of public administration and, in general, stakeholders in the field of European security, through the organization of events dedicated to the different dimensions of security within the EU.
